Authorized Distributor / Reseller

Equipped with rich connectivity and features all within a compact and stylish 7" body, WT-3007A is a true Hybrid POS terminal for both your stationary and mobile requirements. Combining the versatility of a traditional POS with the flexibility of a mobile POS, the device delivers functionality and practicability, ideally suited for small businesses.

Mobility

In a compact 7-inch, light-weight form factor with a second 4.3-inch customer-facing screen, WT-3007A is built with mobility in mind. With its ergonomic and elegant design, WT-3007A fits perfectly in your hand and is an ease to carry around in your store as a mobile POS.

All in one/Functionality

A front-facing 5MP camera or 2D scanner, an NFC reader, a built-in printer, and 4G connectivity, WT-Series is a versatile device for small business as a mobile POS or as a stationary POS terminal.

Scalability

WT-3007A supports a wide range of connectivity that allows you to take greater control of your business. It has built-in USB, LAN port, and a CR port to work seamlessly with your existing peripherals as a stationary POS terminal.
