

YK500-1F Certificated green Best price remote calling single key button

Brief Description

1. Fashion & modern appearance, competitive price
2. Double glue or screw fixed
3. Easy operation, high quality and service
4. Popular used in Restaurant, hotel, Sea beach, coffee house, KTV, SPA, Hospital, Nurse homes, Super market and so on

Features

1. Use SAW DEVICE aeronautical communications device to ensure stability of signal transmission.
2. Super stability registration technology, avoid garbled phenomenon.
3. Built-in anti-channel mixing function.
4. Resistance against temperature and humidity changing, safe and stable.
5. Flexible Coding. Coding could be changed at will
6. All the text on the button could be changed for different application.
7. Easy to be placed on the table or fixed on the wall.
8. Enhanced designed for durability.
9. Single circuit design.

Specification

1. Colorful Round Transmitter
2. Working voltage: DC12V
3. Working frequency: 433.92MHz
4. Working current: $\leq 26\text{mA} \pm 5\text{mA}$
5. Modulation Method: (OOK)
6. Transmitting distance: 500m (open area)
7. Product size: 68×68×25mm
